Fabricmate wants to ensure you get the best results...

Artwork Specifications

We are committed to printing your product to the highest quality. In order for us to achieve the best results, we ask that you follow the guidelines below. The guidelines are designed to assist in artwork preparation, avoid any delays in the processing of your artwork and to ensure quality and color matches during file preparation and printing.

Please read the specifications carefully:

Transfer Devices

- E-mail up to 10 MB (send to fmsales@fabricmate.com)
- FTP – [Coming Soon](#)
- CD/DVD/USB Stick

Files

- Non-photographic artwork should be vector art saved in Adobe Illustrator or as EPS.
- All bitmap or photographic artwork has to be created at a minimum of 100 dpi at full size.
Do not convert to CMYK, leave all images as RGB if possible.
- We accept CS5 files.
- Any linked files must be included or embedded.
- Leave any .psd files unflattened.
- No Word, Powerpoint, Publisher or other Microsoft files can be used.
- **All fonts must be converted to outlines. If including font files, they must be PC compatible.**
- **When possible, leave a minimum of 2" bleed.**

Color Matching

- A Pantone color reference must be supplied or we cannot accept responsibility for incorrect color.
- When it's not possible to refer to Pantone colors, we will do our best to meet your requirements.

Editing

An hourly fee will be charged when files are found to be incomplete or need to be edited. We reserve the right to put a job on hold where documents have been either incorrectly saved, fonts not supplied or the job appears not to be commercially acceptable.
