

Acoustics & Tackability in Office / Conference Area

FS005 is our most affordable and visually pleasing Frame. The low, square profile produces clean, crisp joints and edges. It can be used as both a perimeter and intermediate (mid-wall) piece with any 1/4" substrate. Its versatile design allows for a single piece to be used for intermediate joints, including inside corners. Its top loading feature allows it to be placed up against almost any surface including walls, door moldings, and windows. Great for Wall Protection, Printed Graphics, and Tackable functionality. Can be customized for use with curved designs or installing on rounded surfaces.

FS005 FRAME FEATURES

100% uPVC | CRUSH PROOF | FULLY RECYCLABLE | FLEXIBLE | EASILY CUSTOMIZABLE | SAFE TO HANDLE
